Aly for teens international(AFTI) / kathmandu / November, 2021 - Present  
for this organization, I am working as a data analyst. My job is to sort out the problems that arise in this company with the help of data and help them to make a better decision for further process.

## PROJECTS

### Build a mobile app

I was solely engaged in building an android mobile app for the information science department. The primary objective was to provide departmental news/updates to all the students through push notifications. The secondary objective was to provide students with a one- click option to download the notes of any semester.
